The midwives as a class are very poorly paid  
& I think it will increase the popularity of this pro-  
fession & will attract a better class of women if  
the pay & prospects of these women are improved.  
It will add also to their usefulness, if they are given  
a course of training in nursing as well. The  
Senior Surgeon's opinion may be called for on  
this point.

Office of the Senior Surgeon, Mysore Govt.,  
Dated, Bangalore, 3rd March 1920

From

Rajakarya Pravina

Rao Bahadur T. V. Arumugum Mudaliar, Esq., M. B., C. M.,

Senior Surgeon with the Government of

H. H. the Maharaja of Mysore, Bangalore.

To

The Chief Secretary to the Government of

H. H. the Maharaja of Mysore,

Bangalore.

Sir,

With reference to your letter No. G. 8739/med. 48.19.8/10.19. calling for proposals for improving the pay of Midwives in the State, I have the honor to submit the accompanying draft of "Rules to regulate the training, employment and promotion of Midwives" on the lines of the rules recently sanctioned by the Government in their order No. G.7653-65-Med.93-18-8, dated 20th September 1920, for Compounders.

The rates of scholarship ~~are~~ is what has already been sanctioned in G.O. No. G.7849-51-Med.130-16-4, dated 29th October 1918 in the case of candidates who are not Dayees by profession and in the case of Malnad Pupils according to the Malnad Improvement scheme. Scholarship holders will be required to give an agreement in the form prescribed by G.O. No. G.28700-1-Med.65-18-8, dated 27th June 1919. These agreements will not be taken from Dayees who will be given only Rs. 10 as scholarship during the period of training, after completion of which they will be left free to practice their profession.

The number of scholarships to be awarded each year will, for the present, be fixed at Rs. 24 to be distributed between the Maternities at Bangalore, Mysore and Robertsonpet and the Female Dispensary at Shimoga, where training classes have been held for some years. The Junior lady medical Officers or

JM

subordinates attached to these institutions (in Bangalore, Mysore and Robertsonpet) and the Lady Apothecary in charge of the Female Dispensary at Shimoga, who will have to undertake the teaching in these classes may kindly be given an allowance of Rs.50/- per mensem, the rate allowed to demonstrators in the Medical School, the work of training these midwives being not less laborious than that of the demonstrators in the Medical School. The cost of training 24 midwives a year will come to Rs.2,400 on allowances to the teachers and Rs.4,320 on scholarships, or Rs.6,720 in all, which may be met from the Education Budget, like the cost of the Medical School.

X Following the Madras practice I would propose the scale of pay of midwives being changed from Rs.15 at present, to

. Rs.15 rising to Rs.18 for the first five years' service and Rs.18 rising to Rs.25, after five years' service,

W by annual increment of one rupee. The existing Malnad and Semi-malnad allowances of Rs.5 and Rs.3 and the practice of rewards of annas 8 per case conducted in excess of 4 per month in Malnad tracts of 5 cases in maidan tracts, sanctioned in G.O.No.4629-40-L.F.55-93, dated 7th September 1893, will be continued. The average pay of a midwife under the proposed scale being Rs. $\frac{1}{2}$ (15 + 25) or Rs.20 the extra cost involved in the proposal is Rs.5 per midwife per mensem or a total of Rs.9,540/- per annum for the 159 midwives now working in the State. Of the total number of Midwives, 31 are attached to institutions maintained from State Funds or by State departments, such as, Medical, Public Works, Military, Sanitary, Palace funds and from by the Malnad Improvement Committees and the remaining 128 are paid from District or Municipal Funds. Consequently, out of the extra cost on account of pay of the midwives, Rs.1,860/- will have to be met by the several State Departments who are employing the Midwives and the remaining Rs.7,680 by the several District and Municipal Boards.

I request early sanction to the scheme and permission to give to the deserving of the existing midwives the benefit of the new scale, if sanctioned. X

I have the honor to be, Sir,

To

The Chief Secretary to the Government of

H. H. the Maharaja of Mysore,

Bangalore.

Sir,

In reply to your letter No. G. 21688-Med. 48-19-16, dated 20th March 1920, I have the honor to state that the number of scholarships for training in sick-nursing and that for Dayees will remain at 10 each, as sanctioned in G. O No. G. 7849-51-Med. 130-16-4, dated 29th October 1918.

The number of scholarships for training in midwifery (24) proposed in my letter dated 3rd March 1920, was based on the ~~re~~ present requirements of the department, i.e., the existing and expected vacancies. The number 24 only represents the maximum limit. The proposal also includes four training centres, viz., Bangalore, Mysore, Robertsonpet and Shimoga. I may add that the number of scholarships (10) sanctioned in the order of October 1918 was only tentative, and the increase of the number to 24, (for the present) is <sup>willingness</sup> not inconsistent with the expressed ~~intention~~ of Government to increase the number if necessary. The number will be reduced as soon as a sufficient number of midwives are trained and made available for employment.

I have the honor to be,  
Sir,
